University Housing Statement

- I understand that if I have already been assigned to another residence hall, and I am then accepted to live in the Global Village Residential Community, I will be moved from my original assignment into this residential community.
- I understand that my request for Global Village Residential Community will supersede any roommate or hall preferences previously indicated or assigned.
- I understand that if my requested roommate is not accepted to Global Village Residential Community, then my roommate request can not be accommodated. In addition I understand that should my roommate be accepted to Global Village Residential Community my roommate request is not guaranteed.
- I understand that once I am assigned to a Global Village Residential Community, I must maintain the requirements of this community in order to remain in that space. If I make a change that results in my assignment to Global Village Residential Community being rejected, the office of University Housing can reassign me at the request of the residential community partner for Global Village Residential Community.
- I understand that if I am no longer attending Arizona State University and therefore canceling my housing confirmation, it must be done in writing and sent directly to the University Housing department.

I have read and agree to all of the above statements:
